	Page		Page
Asling, C. Willett-	175, 191, 207	Liebman, Emil	103
Becks, Hermann	175, 191, 207	Lucas, Alfred M.	319, 339
Bonham, Kelshaw	119	Mayer, Jean	97
Campbell, Frank	71	Newcombe, Curtis L.	71
Chang, Tso Kan	221, 269, 299	Nissen, Henry W.	45
Collins, Daniel A.	207	Oakberg, Eugene	319, 339
Craig, Cecil C.	339	Riesen, Austin H.	45
Davis, David E.	1	Schultz, Jack	143
Demerec, M.	143	Seymour, Allyn	119
Diller, Irene Corey	27	Silberberg, Martin	359
Donaldson, Lauren R.	119	Silberberg, Ruth	359
Eckstine, Allen M.	71	Simpson, Miriam E.	151, 171, 175, 191, 207
Evans, Herbert M.	151, 171, 175, 191, 207	Toennies, Gerrit	7, 13
Foster, Richard F.	119	Watson, George F.	27
Gallant, Dorothy Leaf	7, 13	Welander, Arthur D.	119
Leduc, Elizabeth H.	309	Wilson, J. Walter	309
Li, Choh Hao	151, 171, 175		

Subject Index

	Page
Advances in Genetics (book review)	143
Ageing, quantitative expression of	97
Amino acid media for bacterimetric studies	11, 24
Ancon sheep, chondrodystrophic	229
Ancon sheep, skeletal growth in	221
Bacterial concentration and optical density	12-15
Bacterial growth induced by amino acids	21
Bacterial turbidity measurements	16-17
Bacterimetric studies	7, 21
Biotin, effect on mitotic activity	309
Blastema, origin of	110
Blue crabs, body weight: linear dimensions	82-83, 86
growth of	71
linear measurements of	77-79
mean width of	74, 75
weight-width relationship	76
Callinectes sapidus	71
Caloric underfeeding, effect of	364
Cells, epidermal	112
tumor	27
Changes in skull and dentition	207
Chemical components of musculature, liver and blood plasma	171
Chimpanzee, length of gestation, relation to birth weight	61
Chimpanzee, onset of ossification in	45
Crippling in Ancon sheep	299
Dentition in chimpanzee	62
Dietary deficiencies	365
Diets, high casein	365
Diets, high fat	365

Dwarfism in Ancon sheep 299
Effect of biotin on mitotic activity 309
Egg development, effect of X-rays on 124
Embryos of rainbow trout 119
Eosinophils in regenerating limbs 106
Epiphyses and short bones, onset of ossification in 45
Fibroblasts 111
Fingerling mortality 137
Form and growth of the blue crab 71
Gametogenesis, effect of X-rays on 121
Growth, bacterial 7, 21
  changes in weight ratios 83-86
  chondrodystrophic 299
  effect of diet on 364, 365
  effect of biotin on 309
  effect of hormones on 366
  effect of spleen extract on 27
  effect of X-rays on 119
  embryonic, in chimpanzee 261
  linear 74-83
  metacarpal 181
  skeletal 45
    in Ancon sheep 221, 269, 291
    in chimpanzee 45
    in hypophysectomized rats 175, 191, 207
    in mice 359
    role of hormonal and nutritional factors in 359
  skull 208
  tibial 177
Growth abnormalities following irradiation 128
Growth in relation to ageing 97-101
Growth of caudal vertebrae 183
  of costochondral junction 183
  of irradiated fish 139
  of long bones 360
  of lymphoid tissues 319, 339
  of the blastema 110
  of the blue crab 71
  of teeth 62, 214
  of tumor cells 27
  of wild rats 1
  processes in decapods 71
Growth promoting substances liberated by leucocytes 116
Growth responses induced by amino acids 21
Hormonal factors in skeletal growth 359, 362
Hypophysectomized rats 151, 171, 175, 191, 207
Lactobacillus brevis 10
Lactobacillus casei 10
Lactobacillus fermenti 10
Lactobacillus rabinosus 10
Leucocytes, amphibian 103
Leuconostoc mesenteroides 10
Liver, mitotic activity in 309
Lymphocytes in regenerating limbs 109
Lymphoid lesions, histological studies on 355
Lymphoid tissue in relation to normal lymphoid foci and lymphomatosis . . . 339
Lymphomatosis 319
  death from 329
  in the turkey 339

Page

Macrophages in regenerating limbs 108
Mast cells in regenerating limbs 108
Mortality, relation to amount of irradiation 136
Mouse, mitotic activity in liver 309
Mouse, rôle of hormonal and nutritional factors in growth of 359
Mouse, tumor growth in 27
Neutrophils in regenerating limbs 105
Normal tissues, mouse, effect of spleen extract on 40
Nutritional factors in skeletal growth 359, 363
Organ: body-weight ratios 326
Ossification, ages in man and chimpanzee 67, 68
sex differences in 58, 67
Ossification centers, age assessment of 51-55, 64
Ossification centers, order of appearance 63
Photometric turbidity, relation to bacterial concentration 7
Pituitary growth hormone 151, 171, 175, 191, 207
Rats, diets of 3
Rats, hypophysectomized 151, 171, 175, 191, 207
Rats, weights of 2
Rats, wild, phenotypical difference in growth of 1
Rattus norvegicus 1
Regenerative processes, role of leucocytes in 103
Salmo gairdnerii 119
Skeletal changes in rats following treatment with pituitary hormone . . 175, 191
Skeletal growth, rôle of hormonal and nutritional factors in 359
Skeletal growth in Ancon sheep 221
Skeletal time curve 360
Skeleton of Ancon sheep, morphological study of 269
Skull growth in Ancon sheep 227
Spleen extract and tumor growth 27
Streptococcus faecalis 10, 21
Triturus viridescens 103
Tumors, mouse, effect of spleen extract on 27
Turkey, lymphomatosis in 339
Weights, organ, in chickens 321
Weights, total body, in chickens 321
White leghorn chickens, variations in body weights in relation to mortality . . 319
X-ray induced abnormalities 128
X-rays, effect on trout embryos 119
